

## MODERNIZED FAP 2228 BS/AV 6x6, 7t with mobile water tanker of 9.000 litres

Modernized off-road vehicle FAP 2228 is intended for transport of personnel, transport of weapons and equipment with a weight of up to 7 t.

It is equipped with an auxiliary chassis that enables the transport of container integrations.

In this case, it is equipped with a mobile (vehicle independent) water tanker of tank volume of 9.000 liters, with engine-driven pump (ICE). The purpose of this system is implementation of water supply for remote facilities located in highly inaccessible areas.

### TECHNICAL CHARACTERISTICS:

Engine:	Cummins ISB 6.7 EU 3, of power of 210 kW (285 HP)
gearbox:	ZF 9S – 1110, 8+1 transmission
Drivetrain:	6x6, with differential lock
Vehicle weight:	11.500 kg
Payload:	7.000 kg
Trailer weight:	8.000 kg
Length/Width/Height:	7.800 mm/2.500 mm/3.300 mm
Maximum speed:	90 km/h
Clearance:	380 mm
Operational range:	600 km
Tires:	14.00 R 20
